Commentary

IXP opens at 6830; same as previous close. The index reached the highest at 6842 and the lowest at 6765 and closed at 6783; 47 points below previous close. Liquidity ratio at the end of the day shows 56% buy and 44% sell. KFH, Agility and NBK are still in the buying mode as investors aiming to invest more in these stocks. Eyas stock closed at 20% down pushing the price index 39 points down. The session was in general a profit booking that witnessed more selling than the previous sessions. The buying pressure are expected to continue on the blue chips stocks as we're closing to Q2.
