### Commentary

IXP opens at 7037; 4 points below previous close. Expected resistance 7100, and support at 6980. The index fell below 7000 reaching near the first support level but National Consumer Holding Company yet again pushed the index 17 points up to reach 7007, and then closed at 7032; 8 points below previous close. The market is still under selling pressure as many companies didn't disclose their financial statements for the year 2016 and might be suspended. liquidity ratio shows 46% buy and 54% sell.
