Commentary

IXP opens at 7032; 19 points below previous close. The market started with a selling wave specially at Dana Alsafat forcing the market to trade in the red area. The index was at 7024 when National Consumer Holding Company pushed the index 35 points up to reach 7059. During the last trading hour the selling pressure on blue chips has increased significantly pushing the index further down to reach 6982 near the support level, and then closed at 7008; 43 points below previous close. The market is under selling pressure due to disappointed results and fear of suspension. liquidity ratio shows 23% buy and 77% sell.
