Commentary

IXP opens at 6986; 22 points below previous close. The fear of suspension and selling waves on blue chips continues forcing the market to fall further down breaking all support levels from 7000 to reach lowest point at 6870. National Consumer Holding Company contributed on pushing the index down 40 points and then left it up 57 points. From the lowest point at 6870 (-138) the market bounced to close at 7029; 21 points below previous close. 31 companies will have to submit the 2016 financial on Sunday 2nd April 8:45am, otherwise will be suspended. liquidity ratio shows 51% buy and 49% sell, a significant increase in purchase from previous day.
