Commentary

IXP opens at 6736; 16 points above previous close. Expected resistance at 6760, and support at 6720. The price index reached the highest point at 6808 and then closed at 6785; 59 points above previous close. Liquidity ratio at the end of the day shows 61% buy and 39% sell. Exceptional session with total value exceeded 16m KD (+200%). The trading was influenced by the expected merging between KFH and AUB which made these two stocks most traded in value and volume, and Agility still leading the top value traded stocks. Next target is to reach 6820 and stay above it targeting 6895 which considered as a critical level.
